CIPS Procurement Skills Training courses are delivered virtually by our accredited CIPS tutors, who all are experts in their field, so you will be sure to know that you're learning from the absolute best. And they include a comprehensive digital learning package.

When purchasing our courses via our website, please ensure you are purchasing it for yourself and not on behalf of someone else. If you wish to do this, please contact us at corporatesolutions@cips.org

"There was a good blend of theory and practical, which worked well together to cement the learning experience."

Commercial Director, UK

"It was a really great days training. The tutor clearly had a wealth of experience which aided in the delivery being able to give "real life" examples and answering all our queries and questions. I certainly feel more empowered about my procurement knowledge now."

Senior Account Manager, UK
