

Group Membership

Develop your team and keep them up to date with a CIPS Group Membership.

For teams of 10 or more

Here's some of what Group Membership can open up for you...

Expertise and intelligence

Develop your knowledge and expertise, enhance your performance and advance your career with access to our resources, events, insights and training.

Support and guidance

Shape your future with confidence with our innovative tools and networking opportunities to help you assess your skills, get advice and plan your next steps.

Professional development and career success

We provide a range of opportunities to help you achieve your career goals.

Community and connection

Feeling connected and sharing common interests and challenges sits at the heart of career satisfaction and success. Belonging to your profession's dynamic global community gives you a wealth of ways to stay in touch, informed and inspired.

Credibility and recognition

Membership enables you to evidence to your peers and employers your professional relevance and your commitment to uphold the standard for excellence that CIPS sets.

A range of discounts on products and services

Unlocking the potential for the whole organisation

As well as Membership to CIPS, your employees will also receive:

Digital Academy

The CIPS Digital Academy provides access to a global learning development programme in procurement and supply.

It enables your organisation to develop consistency in knowledge and skills across geographical borders, increases supply chain effectiveness and professional performance and helps to reduce supply chain risk throughout your organisation.

○ Any How

In the formats that suit you, from how-to guides to podcasts.

○ Anywhere

Use any device, wherever works for you.

○ Any Time

Bite-sized learning to access at your convenience.

Covers all the major procurement and supply topics.

Training needs analysis

Developed by our procurement experts, CIPS Training Needs Analysis provides a comprehensive summary of the current procurement knowledge and expertise of your people, both individually and as a team overall. This allows you to identify and plan investment in the best training and development to meet your needs.

Knowledge and awareness is assessed for ten key procurement competencies:

- Category Management
- Sourcing/Tendering
- Negotiating
- Contracting
- Contract Management
- Supplier Relationship Management
- Procurement Data & Systems
- Risk Management
- Ethics in Procurement
- Sustainability in Supply

Your academy will include a variety of learning formats:

Videos

Podcasts

eLearning

Online Resources

White Papers

Knowledge Documents

Ethical Procurement and Supply eLearning and Test

Our highly regarded Ethical Procurement and Supply eLearning and Test provides knowledge and recognition in the key areas of ethics and procurement and procurement skills.
